PulseTech Products Available on GSA

CHARGERS

- PulseCharger/World Version, 746X725, NSN 6130 01 477 4703
- Pro HD, 746X800, NSN 6130 01 500 3401
- HD Pallet Charger, 746X820, NSN 6130 01 532 7711
- HD Jump Start, 746X700, NSN 6130 01 564 9082
- Pro 12, 746X912, NSN 6130 01 535 2718
- Battery Service Equipment Set (BSES), 746X100, NSN 6130 01 541 9731

BATTERY TESTERS

- 490PT+ Battery Analyzer, 741X491 NSN 6130 01 510 9594
- MBT-1, 741X800, NSN 6130 01 463 8499
- Push-To-Test (PTT) with Cable, 735X696, NSN 6625 01 522 0230

SOLAR CHARGERS

- Pulse Charge Monitor Distribution System, 735X650, NSN 6130 01 510 9587
- Pulse Charge Monitor System, 735X643, NSN 6130 01 497 0964
- 24V Solar Pulse Charge Monitor System, 735X687, NSN 6130 01 558 5371
- 12V Pulse Solar Charger, 735X740, NSN 6130 01 546 8432
- 24V Pulse SolarCharger, 735X640, NSN 6130 01 487 0035
- 24V Solargizer, 735X150, NSN 6130 01 392 8347

LONG-TERM STORAGE

- 12V Pulse Charge System with Panel, 735X655, NSN 6130 01 521 1317
- 24V Pulse Charge System with Panel, 735X661, NSN 6130 01 521 1387
- 12V Pulse Charge System w/o Panel, 735X666, NSN 6130 01 521 1765
- 24V Pulse Charge System w/o Panel, 735X667, NSN 6130 01 521 1329
- 24V Solar Pulse Charge Monitor System, 735X687, NSN 6130 01 558 5371
- 24V Drop Pulse & Charge, 735X645, NSN 6130 01 497 0971
- 24V Grid System, 735X646, NSN 6130 01 497 0966

COMMUNICATION POWER SUPPLIES

- ASAPS-4, 740X804, NSN 6130 01 458 4040
- ASAPS-6, 740X806, NSN 6130 01 458 4041
- ASAPS-SC, 740X809, NSN 6130 01 473 0349
- ASAPS Storage Case (White), 740X960, NSN 6160 01 461 6165
- ASAPS Storage Case (Green), 740X961, NSN 6130 01 513 5432

MISCELLANEOUS

- 24V Pulse Receptacle Unit, 735X675, NSN 6110 01 522 3216
- Pulse Distribution Unit, 735X680, NSN 6110 01 521 4739
- Battery Mat 8" X 12" (1/8" thick), 734X240
- Mobile Battery Shop (CONUS), 746X905, NSN 6130 01 526 9085
- Mobile Battery Shop (OCONUS), 746X906, NSN 6130 01 527 3846

The RediPulse Pro-12 Multiple Battery Charge System, 490PT+ Battery Analyzer and MBT-1 Battery Tester are included in the Battery Service Equipment Set (BSES).

Battery Service Equipment Set (BSES)
746X100, NSN 6130 01 541 9731

Battery Service Equipment Set (BSES) (see front cover)

NSN 6130-01-541-9731 / Part No: 746X100

The BSES comes with one Pro HD, one Pallet Charger, one RediPulse Pro-12, one MDX-490PT battery conductance tester and ten MBT-1 mini battery testers. The BSES allows the operator to set up a battery recovery and recharge operation anywhere in a matter of minutes. All chargers have universal power input, single switch operation and LED light charge indicators making operation simple and accurate.

HD Pallet Charger™

NSN 6130-01-532-7711 / Part 746X820

The Pallet Charger is a 12V, 8amp per channel, 12-station charging unit that uses universal electrical input. The charger can be connected to any type or size of 12V lead acid battery (AGM or flooded cell). Charge stations 1-12 each operate in isolation from one another, allowing any combination of batteries to be recharged at the same time. One-switch operation and LED charge indicators simplify operation and minimize operator training requirements.

Pro-HD™ Heavy-Duty Rolling Charger

NSN 6130-01-500-3401 / Part No. 746X800

The Pro HD is an auto sensing 12/24V pulse charger designed to charge any type of lead acid battery (AGM or flooded cell) using the supplied clamps or NATO connector. The charger will operate anywhere in the world auto sensing voltage between 110-240V and between 50-60 Hz. Smart charging with one-switch operation minimizes operator training requirements.

RediPulse Pro-12

NSN 6130-01-535-2718 / Part No: 746X912

The Pro 12 is a universal charge input 12 station maintenance charge system designed to keep batteries in an "as new" condition for an indefinite period of time. The Pro 12 is a maintenance system and is not designed to operate on batteries below 11.5 volts. Batteries discharged below 11.5 volts should be recharged using the Pulse Charger/World Version or Pallet Charger prior to being connected to the Pro 12 for maintenance.

Pulse Charger® / World Version PLUS

NSN 6130-01-477-4703 / Part 746X725

The 12V Pulse Charger is a 20 amp, universal power input smart charger designed to re-charge any lead acid (AGM or flooded cell) battery. Single switch operation and LED light charge indicators simplify operator training.
